▶ For transfer students, AP exams can be used to meet the minimum transfer admission subject requirements in English (UC-E), Math (UC-M) and 4 other courses chosen from the humanities (UC- H), behavioral/social sciences (UC-B) and biological/physical sciences (UC-S).

◆ IMPORTANT NOTES ABOUT AP SCIENCES FROM IGETC STANDARDS

AP exams in Biology, Chemistry or Physics 1 and 2 (which replaced Physics B) allow CCC campuses to apply 4 semester or 5 quarter units to IGETC certification. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied for IGETC certification; therefore, students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.

§ Students who take the Calculus BC examination and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB examination, even if they do not receive a score of 3 or higher on the BC examination.

* IMPORTANT NOTES ABOUT AP ENVIRONMENTAL SCIENCE FOR CSU GE BREADTH: Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3.

● IMPORTANT NOTES ABOUT AMERICAN IDEALS (AIR) GRADUATION REQUIREMENT:

1. At the discretion of the CSU Campus granting the degree, courses meeting this requirement may also be counted toward certification in general education (GE Breadth or IGETC).

2. CSU US History, Constitution, and American Ideals Courses (AIR requirement) – Students satisfy this CSU graduation requirement through coursework in three areas:

- US-1: Historical development of American institutions and ideals - may be completed with a score of 3 or higher on Advanced Placement US History.
- US-2: U.S. Constitution and government - may be completed with a score of 3 or higher on Advanced Placement US Government & Politics
- US-3: California state and local government – cannot be satisfied with an Advanced Placement score. Students must complete an approved course at a California community college or complete this requirement at the CSU campus after transfer.

Students seeking certification for the Latin: Literature test must have passed the test before Fall 2009. Credit for the Latin: Literature test is awarded as follows: CSU GEB Area C2 (3 units) and 6 units of CSU elective credit or IGETC Areas 3B & 6A (3 units) and 2.7 units of UC elective credit. Students seeking certification for the Latin: Vergil test must have passed the test before Fall 2012. Credit for the Latin: Vergil test is awarded as follows: CSU GEB Area C2 (3 units) and 3 units of CSU elective credit or IGETC Areas 3B & 6A (3 units) and 2.7 units of UC elective credit.

Other Notes:

1. Music Theory subscore: The UC system grants credit for the full Music Theory exam. Students who earn only a subscore will not receive exam credit.
2. Duplication of AP and college courses taken before or after attending UC may duplicate IB or AP examinations. If the student does duplicate an exam with a college course or vice versa, UC will award credit for only one. Consult each individual UC campus website for more information on their campus-specific AP policy.
